Control light, privacy, and comfort at the touch of a button.

Motorised window furnishings make everyday comfort beautifully simple. Open or close individual blinds, control an entire room or create schedules that adjust your home automatically throughout the day.

Why go Motorised?

- Instant comfort, privacy, and ambience with one touch.
- Hands-free control via Google Home or Alexa.
- Safer for kids and pets – no cords required.
- Effortless luxury that fits seamlessly into your everyday.

Customised *for you*

From simple remote operation to app control or voice command, our consultants will tailor the right solution for you. Plus get your preferred devices connected and up and running.

Book a free measure and quote to get started.

Made for Any Home

Motorisation doesn't have to be complicated. With rechargeable battery options available, many existing blinds and curtains can be upgraded without additional electrical wiring. Whether you're building, renovating or simply making everyday life easier, there's a motorised solution to suit your home.

Connected to your lifestyle

Control your window furnishings your way. Choose simple remote operation or connect compatible products to an app or smart-home system, including Google Home and Amazon Alexa. Battery and wired options are available depending on your products, home and preferred level of control.

Motorisation, Inside & Out

Enjoy smooth, quiet and effortless control throughout your home and outdoor areas. Motorisation is available for compatible roller blinds, Roman blinds, Venetian blinds, curtains, outdoor blinds and awnings. Control individual products or group an entire room, with powerful options for wider and heavier openings that make it easy to manage privacy, shade, glare and temperature.

Internal Motor Range

Rechargeable and powered options for roller blinds, roman blinds and curtains

Roller Blinds DM35F/SW

- 6Nm | 28rpm | 240V AC
- Reliable mains-powered smart motor for everyday roller blinds.

Roller Blinds DM25LEU/S

Roman Blinds DV24WF/S + DC1278C

- External Battery Pack
- Dedicated Roman blind solution paired with a rechargeable external battery pack.

Curtain Track DT980LEU/S

- Rechargeable | Smart Curtain Motor
- Cord-free curtain automation with convenient rechargeable lithium battery for up to 550 open/close.

External Motor Range

*Powered options for Ziptrak and external roller shutters.
Weather-ready and built to last.*

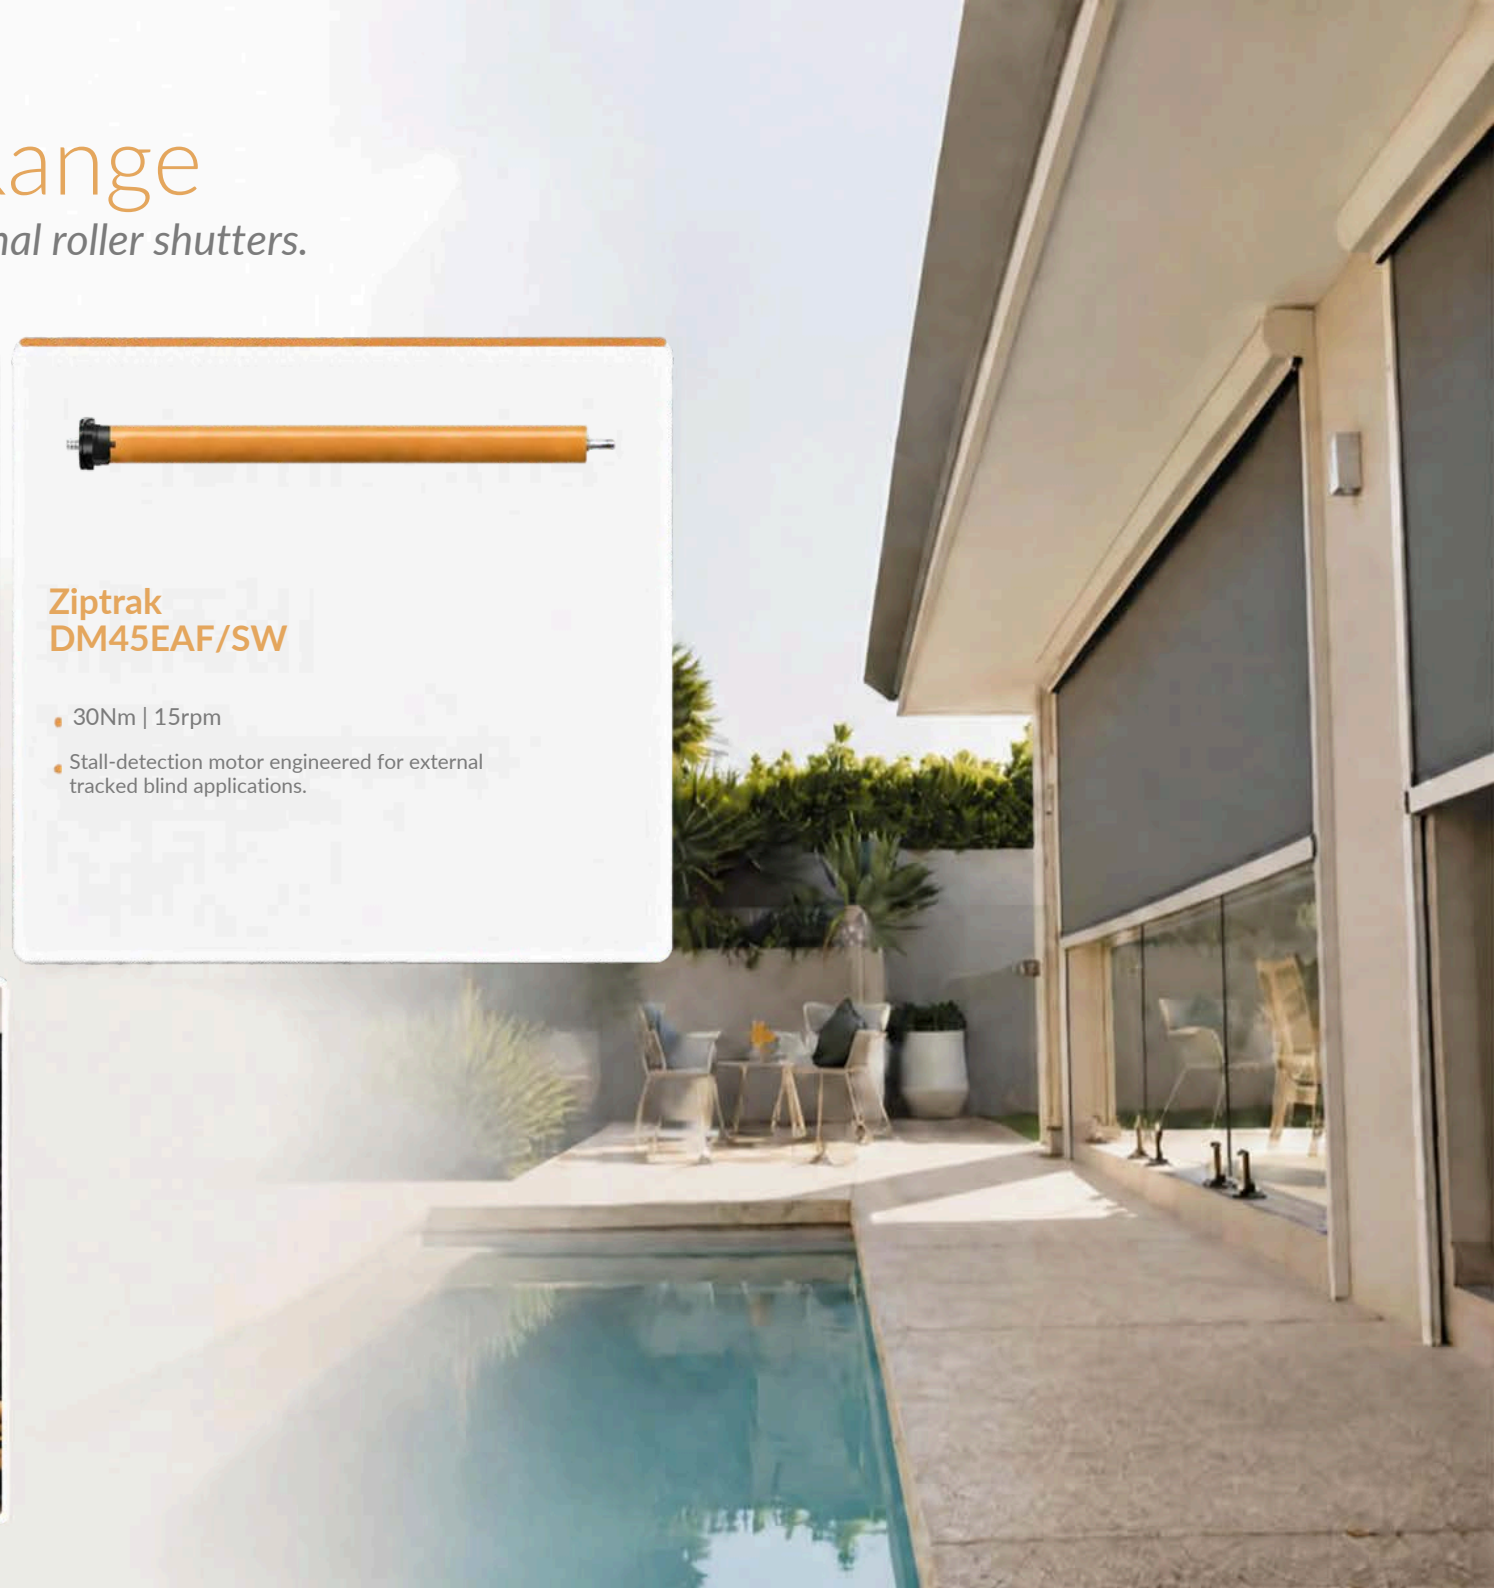

Roller Shutter DM45E/SW

- 20Nm | 26rpm
- Fast, dependable mains-powered motor for residential roller shutters.
- SolarSmart Plus Upgrade available. All-in-one unit incorporates a 4.2W Solar Panel, 12V DC NIMH Rechargeable Battery Pack & Radio Receiver

Ziptrak DM45EAF/SW

- 30Nm | 15rpm
- Stall-detection motor engineered for external tracked blind applications.

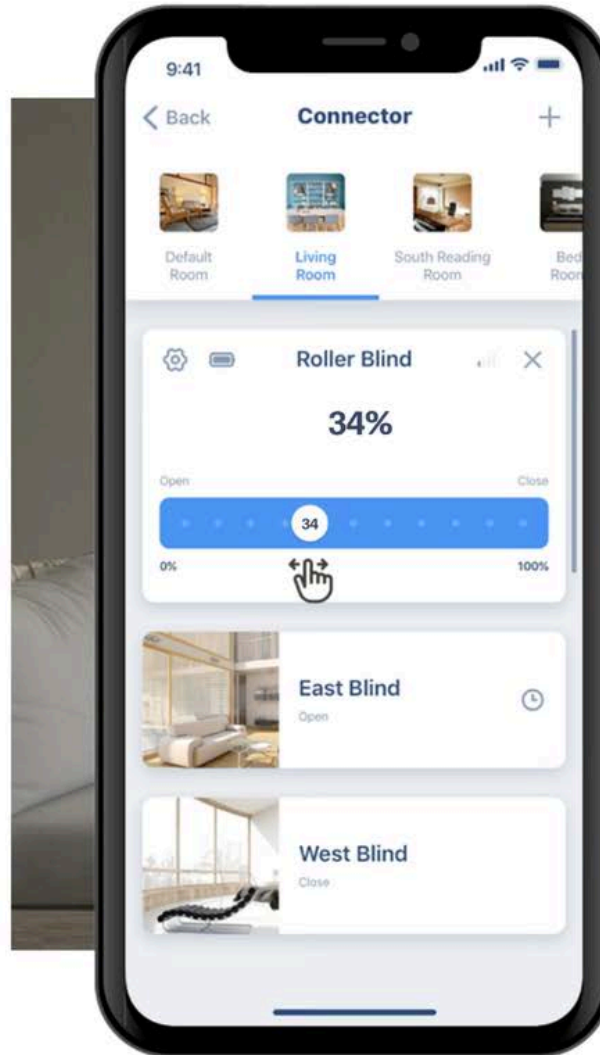

Connected to your lifestyle

Your blinds, your way. The P-Box hub and Connector app allow for seamless smart home compatibility.

Connect with Amazon Alexa, Google Assistant and more for convenient control that fits your lifestyle.

- Flexible connection: Connect to your home network via Wi-Fi or a LAN cable.
- Simple setup: Configure the hub from your smartphone using Bluetooth.
- Flexible power options: Supports Power over Ethernet (PoE) or USB-C power.
- Smart home compatibility: Integrates with systems including Control4, Crestron, ELAN, URC and RTI.

Your Sales Consultant can recommend the best setup tailored to your needs.
